## IN THE UNITED STATES DISTRICT COURT FOR THE EASTERN DISTRICT OF NORTH CAROLINA WESTERN DIVISION NO. 5:19-CV-00516-BR

INFERNAL TECHNOLOGY, LLC and TERMINAL REALITY, INC.,	)
Plaintiffs,	ORDER GRANTING MOTION TO SEAL DKT. 84
v.	)
EPIC GAMES, INC.,	
Defendant.	)

The Court, having considered the Motion to Seal Dkt. 84 filed by Plaintiffs Infernal Technology, LLC, and Terminal Reality, Inc., hereby grants the motion. The Court finds that the common law presumption of access is overcome by Plaintiffs' interest in keeping confidential business and commercial terms from disclosure. Additionally, the Court finds that the alternatives to sealing the documents are inadequate as the documents contain frequent reference to confidential information, such information being integral in ruling on motions submitted by the Parties.

It is, therefore, ORDERED that Plaintiffs' Motion to Seal Dkt. 84 is GRANTED and Dkt. 84 is hereby ORDERED permanently sealed.
